About US

At Rass BioSolution, we stand at the forefront of innovation in herbal extracts and nutraceuticals, blending nature's goodness with cutting-edge technology. Our unique approach to gummy production sets us apart in the industry. By carefully selecting premium ingredients and combining them with advanced manufacturing processes, we ensure that every gummy we produce is both highly effective and irresistibly delicious.

What makes us different? Our commitment to quality and customization. We specialize in creating gummies that not only meet high standards of safety and efficacy but also cater to the specific health needs of our clients. From immunity-boosting formulas to energy-enhancing blends, our gummies offer a tailored solution to support diverse wellness goals.

At Rass BioSolution, we are proud to be your trusted partner in the development and supply of premium gummy supplements. Whether you're looking to create unique formulations or scale your product line, we provide end-to-end solutions that make your health-focused vision a reality

INDIAN HERBS

TRADITIONALLY USED FOR HEALTH & WELLNESS

— Pure • Natural • Traditional • Trusted —

1 Tulsi (Holy Basil)

Traditionally used to support respiratory health, immunity, and stress management.

2 Ashwagandha

An adaptogenic herb commonly used for stress, energy, and physical performance.

3 Giloy (Guduchi)

Traditionally used to support immune function and overall wellness.

4 Amla (Indian Gooseberry)

Rich in vitamin C and antioxidants; used for immunity, skin, and hair health.

5 Neem

Traditionally used for skin health, oral hygiene, and antimicrobial support.

6 Turmeric (Haldi)

Contains curcumin, known for its anti-inflammatory and antioxidant properties.

7 Shatavari

Widely used for women's health and hormonal balance.

8 Brahmi

Traditionally used to support memory and cognitive function.

9 Kalmegh

Commonly used in Ayurveda for liver health.

10 Boswellia (Shallaki)

Used to support joint comfort and mobility.

11 Moringa

A nutrient-rich herb containing vitamins, minerals, antioxidants, and plant protein.

12 Triphala

A blend of Amla, Haritaki, and Bibhitaki, traditionally used for digestive health.

13 Shilajit

A natural mineral-rich substance used to support stamina, vitality and overall wellness.

14 Isabgol (Psyllium Husk)

Made from the seeds of Plantago ovata, used to improve digestive regularity and treat constipation.

15 Sage

Traditionally used for antioxidant support and cognitive wellness.

16 Mint

Traditionally used to support digestion, fresh breath, and digestive comfort.

17 Cinnamon

Traditionally used to support healthy metabolism and antioxidant protection.

18 Rosemary

Traditionally used to support memory, digestion, and antioxidant health.

19 Parsley

A nutrient-rich herb traditionally used to support kidney health and natural detoxification.
